2.2. We continuously monitor network performance and during busy periods on our Network we may need to manage traffic to ensure everyone has access to our services. We endeavour to ensure that the service received by our customers is not impacted through a small number of users, or a particular promotion, placing high demand on network resources (e.g. large bandwidths or exceptionally high call volumes over long periods). In general you will not notice the difference however if for any reason traffic is exceptionally busy you may experience a temporary impact on your service such as slower speed. You accept and agree that content may be manipulated, distorted, adapted, modified, stored or forwarded by others without restriction on wireless networks and the internet, and we will not be responsible or liable for such acts. You agree not to manipulate, distort, adapt, modify or forward any other content without the prior consent of the holder of the rights in such content. We do not accept responsibility for the security of data sessions; when you conduct a data session, you do so at your own risk and are solely responsible for adopting such appropriate security measures against unauthorised access to and interference with your equipment (or associated software/hardware and data) as may be necessary.
