If required, we will let you know at least 30 days in advance of changes we make to your Agreement by contacting you and, in the event of receiving any such notification, you may have the option to terminate the Agreement during that notice period, without incurring any further costs if you do not accept the new conditions. Your Agreement is for the Minimum Term shown in your application form and/or Welcome Letter. This right is subject to us receiving the required notice, the payment of charges incurred by you prior to cancellation, and the return of all equipment provided to us. Where you have used the products or services supplied to you to avail of services before the expiry of the cooling off period you will be liable for any diminished value of the products or services. You will only be liable for any diminished value of the goods resulting from the handling of goods beyond that necessary to establish their nature, characteristics and functioning. To find out more information and to access the cancellation form, please view our website: <https://n.vodafone.ie/support/orders.html>.

2.1. You must have a service delivery address located within a geographic area covered by the network reach of the Access Provider's network.

2.2. Your service address must be capable of a standard installation type as determined by the Access Provider.

2.3. If you move house, we will try, but shall be under no obligation, to provide you with the Services at your new address if it is within our serviceable area. You will be liable to pay a Termination Charge for the Services provided to your old address if you move from that address during the Minimum Period, and where we can provide you with Services at your new address but you choose not to avail of these Services. Where we agree to provide the Services to your new address, you shall be entered into a new twelve month minimum term contract for all Services associated with your account from the date of activation in the new address.

2.4. If you would like to transfer ownership of this Agreement you must complete and Vodafone must accept a valid transfer of ownership application. It is also possible to change and amend the account holder details for your Vodafone customer account. You can find out more information on www.vodafone.ie/support

3. INSTALLATION

3.1. On the placing of an order for the Services, Vodafone will provide you with a timeline within which it will deliver the Services. This timeline may vary from customer to customer depending on the circumstances affecting the delivery mechanism for you. Vodafone will use its reasonable efforts to install the Services in accordance within the timeline it agrees with you, but such dates are estimates only and Vodafone cannot guarantee that it will meet such dates. Vodafone will work with the Access Provider to provide the initial connection within the shortest timeframe possible and in any event within ninety (90) days of the date on your Customer Application Form or as otherwise agreed with you.

3.2. Each new order for the Services may require a Vodafone Agent visit to install the Equipment in your home or business premises ("Service Installation"). If an engineer visit is required, you will be notified with an initial appointment date and time (within normal working hours) for Service Installation. If you wish to reschedule this initial appointment, you can do so without charge until 5pm on previous working day, prior to the appointment. A once off non-recurring charge ("Installation Fee") may be payable by you for the initial connection or installation of the Service, if this is applicable, you will be notified of same during the order process. Please see www.vodafone.ie/rates for the applicable rate of Installation Fee.

3.3. The Service Installation will commence with an overview of your home or business premises (the "Premises") to ensure that the Premises can support the Services. You must allow the Vodafone Agents access to your property in order to allow for the installation of Equipment and so that they may carry out any works necessary for the provision of such Services.

3.4. You must have the Premises ready and safe for the Vodafone Agents to arrange the Service Installation. At the time of placing your order where you have requested that an extension kit be installed, you accept full responsibility to ensure that there is a clear and safe environment for the engineer to carry out the Service Installation. This includes moving any furniture likely to obstruct the

path of the extension kit cable prior to the arrival of the Vodafone Agents. Under no circumstances will Vodafone Agents engage in such activity and Vodafone reserve the right to charge for any additional time spent on site by the Vodafone Agents as a result of having to wait, or as a result of having to reschedule the appointment due to the Premises not being ready for the Service Installation.

3.5. The Service Installation may require works to be carried out on the Premises, which may include a change of phone socket in the wall or drilling a hole through the wall of your property and affixing a coupler box to an external and internal wall and/or any other works which may be required to complete the Service Installation as deemed necessary by the Vodafone Agents. The Vodafone Agents will utilise any suitable available pre-existing overhead and underground infrastructure where possible, although in certain circumstances, underground digs may be required. Where no underground ducts are available, an overhead install solution may be used between homes and/or businesses and/or from a power line, or telephone, pole onto the façade of your premises. You must be present at the premises at the arranged time for install, in order to facilitate access to the premises, as required and to acknowledge that the works have been carried out to a suitable standard.

3.6. As part of the Service Installation you may require Equipment in order to receive the Services. Where this Equipment has been posted to you, it is your responsibility to have the Equipment at the Premises prior to the Service Installation.

3.7. You accept that in order to install the services, certain third party consents may be required by the access provider and it may be your responsibility to obtain these consents where required. Failure to obtain these consents shall result in this agreement being terminated with immediate effect without penalty between Vodafone and you. Where rental premises are concerned, it is the responsibility of the tenant to inform and seek permission from the landlord regarding the installation of equipment, including any required alterations to the premises. You agree that you will indemnify Vodafone in respect of any claim of trespass by a landlord or any third party in circumstances where you have failed to obtain the appropriate consent as required under this clause.

3.8. Vodafone shall make commercially reasonable endeavours to install the Services but shall not be liable in the event that it is not able to complete installation. In such event, the Agreement shall be terminated with immediate effect without penalty between Vodafone and you.

3.9. The Service Installation will be completed by the Vodafone Agents. Vodafone does not accept any liability whatsoever for any loss or damage that may occur to the Premises during the Service Installation.

3.10. You acknowledge that your power supply may be interrupted during the installation process. Furthermore during the provisioning of a Service you may experience a temporary loss of existing services and Vodafone shall not be held liable to you for any losses or damages howsoever arising during such period.

3.11. Please note you will be liable to pay a cancellation/penalty charge to Vodafone, viewable at www.vodafone.ie/rates in each of the following cases: (a) If you have not provided the necessary cancellation notice period in respect of the scheduled Service Installation Appointment (i.e. Up to 5pm of the previous working day) or do not answer your phone within 10 minutes of the scheduled Service Installation Appointment; (b) If the Vodafone Agents cannot gain access to the Premises due to a third party access issue, for example within an apartment block; (c) If you refuse to allow the Vodafone Agents onto your property on the agreed appointment date; (d) In the event an extension kit is required and the Premises has not been cleared for the Vodafone Agents to work. This can include the removal of furniture or carpet etc.; or (e) where the environment is considered dangerous or unsafe to the Vodafone Agents, the works may not proceed but the cancellation/penalty charge may be levied regardless.

4. THE SERVICES

4.1. After installation has been completed, Vodafone will provide the Services in accordance with this Agreement.

4.2. Due to the nature of the Services, we are not in a position to guarantee or offer any minimum service levels as to the quality and availability of the Service other than as set out in this Agreement. In supplying the Services, Vodafone will use reasonable skill and care but cannot guarantee fault free performance. You may experience issues, from time to time, which impact the quality and availability of the Service. Vodafone does not warrant that the Services will be suitable for specific customer requirement or applications, that the operation of the Services will be uninterrupted, timely or error-free or that the Services will support or be compatible with any applications or other services which the Customer uses in conjunction with the Services.

4.3. Due to the wide range of causes of faults, many of them outside of Vodafone's control, it is not possible for Vodafone to fix a particular fault in a

guaranteed timeframe. However, Vodafone will use all reasonable endeavours to repair faults in a timely fashion.

4.4. We continuously monitor network performance and during busy periods we may need to manage traffic to ensure everyone has access to our services. We endeavour to ensure that the service received by our customers is not impacted through a small number of users, or a particular promotion, placing high demand on network resources (e.g. large bandwidths or exceptionally high call volumes over long periods). In general you will not notice the difference however if for any reason traffic is exceptionally busy you may experience a temporary impact on your service such as slower speed.

4.5. Broadband Speeds: Your broadband speeds will vary depending on the type of broadband available in your area and the Internet access product you have chosen. Vodafone will often rely on our wholesale network providers in providing you with information on broadband speeds and if we cannot provide you with specific information at point of sale (i.e. in our retail store, over the phone or online) we will communicate your speed as soon as possible after you have connected to the Services. The maximum download speed is the speed that we are realistically able to deliver and it will be specific to your access line. Please note your access line speed is different to the throughput rate you experience on your device. The throughput rate depends on factors such as whether you are using Wi-Fi or cables to connect devices in your home, the number of devices connected, the speed those devices run at and the capacity of the host provider of the content you are accessing. Certain quality of service impacts such as increased latency jitter and packet loss can also cause delay and slow down your internet access service. For full information on our broadband speeds see www.vodafone.ie/speedinformation.

4.5.1. Fibre to the Home: If you can connect by fibre to your home then the maximum download speed on your access line will be confirmed in advance of connection to the Services. Clause 4.6 below also sets out details on Fibre access speeds.

4.5.2. Other Broadband Services: If you are connecting to any other broadband Service then we will confirm your download broadband speed once your line is connected and we have tested the line. We will provide you with an estimate of the download speed available on your access line before you agree to connect to the Services. We will then confirm your maximum download speed by text message, or using alternative contact details you provide, within two to three weeks of connection to the Services.

4.5.3. You may not achieve the maximum download speed when the internet is busy at peak usage times. For this reason we provide a normally available speed. Clause 4.6 below includes the normally available speed, which we express as a percentage of your maximum speed and should be available to you over 95% of the whole day. The minimum download speed available is 2Mbps.

4.6. Vodafone Broadband Service Speed Information:

4.6.1. Fibre to the Home Broadband Services: Your broadband line can realistically deliver the speed that is advertised and Vodafone will commit to delivering maximum and normally available download speeds above 90% of advertised speed. i.e. for 1Gbps service the maximum committed and normally available speed above 900Mbps

4.6.2. Broadband Services with a maximum speed of 15Mbps - 100Mbps
The normally available download speed for all customers should be above 90% of the maximum download speed that is measured on your line after it has been connected to the Vodafone broadband service (i.e. for a line with maximum of 60Mbps normally available speed would be 54Mbps or more).

4.6.3. Broadband Services with a maximum speed below 15Mbps
The normally available download speed for all customers should be above 70% of the maximum download speed that is measured on your line after it has been connected to the Vodafone broadband service (i.e. for a line with maximum of 10Mbps normally available speed would be 7Mbps).

4.6.4. Upload Speeds: Our fibre to the home broadband services will generally have a maximum upload speed of between 20 and 200 Mbps and a minimum of 1Mbps and our other broadband services will have a maximum upload speed of 1.1Mbps and a minimum of 128Kb.

4.7. Contacting us regarding speeds: If you experience any continuous issue or regularly recurring difference with the speed communicated for your access line then please contact us and Vodafone will attempt to diagnose and resolve your issue. We will endeavour to resolve any issues on your access line as soon as possible within 10 working days. In exceptional circumstances longer resolution times may need to apply and in any case we will look to resolve within 28 days. Any complaints will be managed in accordance with our Code of Practice. Please note we will often rely on our wholesale network operator to troubleshoot and diagnose access line issues. If having gone through our assurance process it is not possible for Vodafone to remedy a situation where you are not continuously or regularly achieving the speeds that we have communicated and, where the relevant facts are

established by a monitoring mechanism certified by ComReg, this may constitute non conformity of performance for the purposes of triggering the right to seek potential remedies available to you under Irish law. You may choose to exercise your rights under consumer protection legislation such as the Sale of Goods and Supply of Services Act 1980 which provides remedies for refund or repair or to exercise your rights under common law for remedies such as restitution of rescission of contract. These remedies may include but are not limited to rectification of the issue, the selection of an alternative service, the offer of a discount or you may choose to terminate your service without penalty.

4.8. We may modify or suspend the service wholly or partially, with or without notice, if such action is deemed necessary by us; or if we are requested by an authorised authority; or are required to do so by legislation; or for other technical, maintenance, security reasons; or other valid reasons. All reasonable efforts will be made to minimise such service disruptions. You will have to pay for all Charges during any such service disruptions unless we decide otherwise.

4.9. We may modify the standard settings and/or features of the Services to offer additional services or value to a Customer's Services or tariff plan from time to time. We may change Service delivery methods or platforms from time to time. This may require you to change the Equipment and/or the Equipment settings to continue to avail of the Services.

4.10. Vodafone shall make reasonable efforts to prevent unauthorised access to the Services by third parties but shall have no liability to the Customer for any loss or damage caused by unauthorised third party access to Services or the Equipment.

4.11. Reliance on call or data session content made over the Vodafone Network is at your sole risk. We will not be liable for any content sent or received by you. We make no representation as to the quality, accuracy, correctness, completeness or suitability of any call or data session content. You acknowledge that call or data session content may be protected by copyright, trademark or other intellectual property rights. You accept and agree that content may be manipulated, distorted, adapted, modified, stored or forwarded by others without restriction on wireless networks and the internet, and we will not be responsible or liable for such acts. You agree not to manipulate, distort, adapt, modify or forward any other content without the prior consent of the holder of the rights in such content. We do not accept responsibility for the security of data sessions; when you conduct a data session, you do so at your own risk and are solely responsible for adopting such appropriate security measures against unauthorised access to and interference with your equipment (or associated software/hardware and data) as may be necessary.

4.12. We make no representation and give no warranty as to the content, quality, availability, suitability or timeliness of any Third Party Service. We reserve the right to suspend or withdraw access to Third Party Services on a temporary or permanent basis at any time. Third Party Services are used at your sole risk and we are not liable for any loss or damage suffered by you arising from the use of such services. We may be required to bill you for such services. This clause includes, but is not limited to, the use of Services to access third party websites not controlled by us. We accept no responsibility for their content or services and no endorsement or approval of such sites by us may be implied.

4.13. We reserve the right, without prejudice to any other provisions of this Agreement, to issue such reasonable instructions or policies, either directly to you, to your Equipment or by making available on www.vodafone.ie, concerning the use of the Services as may be necessary in the interests of; safety, quality of service, other customers, telecommunications services as a whole, or for any other valid reason. These may include acceptable use or fair use policies which provide more detail about the rules for use of certain Services in order to ensure that use of the Services is not excessive, to manage the Network, to combat or prevent fraud, or any security or vulnerability threats, and where the Services we offer or may introduce require certain rules, to ensure they can be enjoyed by all of our customers. If a fair usage policy applies to any service on your account this will be detailed in your Price Plan or your Service Specific terms and conditions. Vodafone may also issue details as to minimum system requirements. You agree to comply with any policy (including any amended policy) as issued by us from time to time that applies to your use of the Services and a copy of these policies can be requested from Customer Care or viewed on www.vodafone.ie.

5. CUSTOMER RESPONSIBILITIES

5.3.10. to indemnify and hold us harmless against all liabilities, claims, damages, losses, expenses, costs and proceedings, howsoever arising from any breach of this clause.

5.4. You must not use the Services for commercial or fraudulent purposes. For the avoidance of doubt any limitation or exclusion of liability under these terms and conditions shall only be to the extent permitted by law.

Charging rates and methods may vary depending on the type of call, data or text sent or received. Vodafone reserves the right to alter such tariffs from time to time and shall notify customers of such changes in accordance with these terms. Charges include VAT unless otherwise specified. Usage of Services outside of your tariff allowance will be charged for at the rates on our Charges webpage. Any unused portion of the monthly allocation associated with tariff cannot be carried over to the next billing period, unless otherwise specified by us. Legacy price plans may not always be available.

9.2. Your bill will be provided on a periodic basis (usually monthly) and will state the amount you owe to us and the due date of payment. By default, your bill is provided to you online via electronic format. If you would prefer to receive your bill in a paper format, please contact Customer Care and we will arrange this for you free of charge. If you opt for paper billing, this will be sent to the current billing or home address that we hold on file for you and will be deemed received on the second postal day after the date of posting. A charge may apply if you require additional paper copies of a bill, details of which are viewable at www.vodafone.ie/rates. We may for operational reasons change our billing methods and periods and issue interim bills if or where necessary.
