We are also required to notify you once in every 12 month period if you choose to remain on your price plan after the minimum term is over.

#### **What advice is included?**

We have set out below a number of possible service options and price points which you can choose to suit your individual likely needs. The mobile voice price plan details are based on whether you want to get a new phone or whether you prefer to keep your existing phone.

#### **Can I stay on my existing price plan?**

You can of course stay on your existing price plan if that is your preference and no action is required. This message is simply designed to make you aware of the options that are currently available which may have changed since you connected to your current plan.

#### **How can I change my price plan?**

You can change your plan at the end of your minimum term which is included in our text message or email to you.
